*Two generations,
one passion:
Italian hospitality*

Starhotels is born out of my family's love for Italy, a passion that has been handed down for 40 years and that has inspired and continues to drive our sense of hospitality. We passionately manage hotels with personality through the enthusiastic sense of Italian hospitality. Strategic locations in the heart of the most important Italian and international destinations, contemporary design and a service model that anticipates guests' expectations thanks to a personalized approach: this is the mix of elements that sets Starhotels apart from the rest. Our guests can choose the hotel that best fits their needs, selecting between the Group's two brands. The prestigious Starhotels Collezione - style icons in the heart of the best global destinations - that stand out for their stunning locations, their refined, elegant interiors and a flawless, tailor-made service and the Starhotels Premium that are characterized by a distinctive and contemporary style and are able to provide an intangible sense of well-being through an excellent and welcoming service. Whatever the needs of our guests, we offer memorable experiences with "L'Italia nel cuore."
